Body Treatments

Therapeutic Massage

Treating injuries with massage therapy can improve joint motion, reduce pain, restore mobility of muscle, reduce swelling, relaxes the client and improves circulation.

Deep Tissue/Neuromuscular Massage

Deep pressure emphasis on relieving muscle spasms, breaking apart scar tissue, reducing pain and increasing motion.

Aromatherapy

Increase the benefits of your massage's therapeutic value with the topical application of essential oils.

Relaxing Massage

This massage is suited for most clients needs as it promotes deep relaxation and stress release.

Mini-Massage

This treatment is a concentrated massage of the back, neck and shoulders. A wonderful service if one carries tension in the neck and back.

Reflexology

Reflexology is the application of appropriate pressure to specific points and areas on the feet, hands, ears and face. These reflex points correspond to different body organs and systems.

Craniosacral Therapy

CST is a gentle technique used by itself or in conjunction with other massage modalities. CST is a method of examination and treatment that assists the body in its own natural self-correcting efforts.

Reiki

Reiki is the name given to a simple yet profound system of healing for body and mind, which was developed by Dr. Mikao Usui who lived in Japan during the nineteenth century. Reiki works on cause rather than the effect of disease. Use alone or in combination with other healing modalities.

Hot Stone Massage

Using a stones weight and temperature marries an old world ancient custom with a new world compression method, resulting in an increase of circulation, increased respiration, increased metabolism, a decrease in muscle spasms and a deep sense of relaxation.

Thai Massage

Performed on a mat or on the table. It Incorporates Hatha yoga and acupressure, releases stress, stimulates internal organs, calms the nervous system, increases flexibility and restores movement.

Skin Care

European Facial

Includes deep pore cleansing, steaming, skin analysis, extraction, facial massage and a mask for your specific skin type.

Aromatherapy Facial

Uses the same procedure as European Facial, utilizing essential oils to promote balance, detoxification and to relieve stress.

Lymphatic Drainage Facial

(the body's waste removal system)

During a European Facial, massage is performed by applying light pressure to specific points on the face where the body's energy flow is blocked. This procedure will lessen facial puffiness, increase blood flow and oxygenation.

Glycolic/Bet-ex Exfoliation or Enzyme Mask

Excellent for wrinkles, facial hyperpigmentation, age spots and acne prone skin. Accelerates the removal of the dead layer of skin resulting in an enhancement of the skin's appearance. Your skin will be softer, smoother, more uniform and with renewed clarity. Treatment is individualized to client needs.

Deep Cleaning Back treatment

This treatment is a true luxury for an often neglected area. The back treatment follows the same basic procedures as the European Facial.

Mini-Facial

A deep cleansing followed by a relaxing massage, refreshing toner and moisturizer.

LED Photo Treatment

Enhance cellular metabolism, promote collagen production and increase circulation. Great for reduction of pore size, reduction of acne break outs, reduction of inflammation and redness from rosacea, brightening and lightening of hyperpigmentation. For best results 6-10 treatments are recommended with monthly maintenance.

Microcurrent Treatment

Designed to re-educate facial muscles, stimulating them to return to a more youthful tone. Microcurrent targets fine lines, wrinkles, dark circles and sagging skin, improves elasticity and boosts circulation. For best results 10 treatments are recommended with follow up monthly maintenance.

Dermabrasion

Is perfect for all skin types and is specifically designed for dull skin, age management, fine lines and wrinkles, mild to moderate blemishes, and hyperpigmentation.

IPL

Intense Pulsed Light photo facial treats sun damaged skin, brown spots, freckles, rosacea, redness from acne scars, evens skin tone, reduces wrinkles and pore size. Permanent hair reduction seen after 6-10 treatments over several months for best results. Bundling packages available.

Radio Frequency

is FDA approved to tighten loose or sagging skin on the face, eyes, tummy, arms and legs, without any incision or recovery time. Reduction of stretch marks, circumferential reduction, and body contouring. Now you can treat problem areas by tightening and firming loose, wrinkled or dimpled skin anywhere on the body, as well as change the shape and contours of your body without surgery. Radio frequency shrinks fat cells and stimulates collagen production, resulting in loss inches.

Micro Needle Radio Frequency Resurfacing

Utilizing Micro Needle technology and focused Radio Frequency which both ablate and heat the skin. Resulting in fresh smooth, radiant skin. Reducing wrinkles, pores and scars. Minimal down time. Combine with Sonophoresis for best results.

DermaSound Hydro Facial

This state of the art ultrasonic skin treatment system improves all skin conditions including wrinkles, acne, rosacea and pigmentation issues. It incorporates water with low frequency sound waves for a "HydroBration". Sonophoresis is a bio molecular penetration of skin care nutrients and other topical antioxidants to the skin cells. Enhancing topical penetration. Combine with micro current to provide cell repair and assist the transportation nutrients and eliminating waste from the cells influencing mitochondria to increase ATP energy. Results can be seen instantly.

Body Care

Peppermint or Chocolate Scalp Massage

Invigorate and renew, organic jojoba and peppermint oil or chocolate are applied to the scalp and hair for their rejuvenating and protective qualities.

Paraffin Wax for Hands or Feet

Infused with an antioxidant vitamin enriched formula. Paraffin penetrates deeply and delivers fast relief from arthritis, joint stiffness, sports injuries, muscle spasms and inflammation and is superior in moisturizing.

We are happy to combine services and to customize your treatments.
